

Access Chamber

ABG Green Roof Access Chambers are purpose designed to create inspection chambers around outlets and irrigation points in green roof systems.

They are manufactured from high grade powder coated aluminium offering excellent corrosion resistance. The base of chamber allows drainage via channels cut into the base. Both standard and parapet bases available in three different sizes of interlocking mid sections to cater for different levels of build-up. Each comes with a lockable lid section.

Standard Base

Height (mm)	Width of Base (mm)	Length of section (mm)
50	300	300

Parapet Base

Height (mm)	Width of Base (mm)	Length of section (mm)
100	300	300

Interlocking Section

Height (mm)	Width of Base (mm)	Length of section (mm)
50	300	300
75	300	300
100	300	300
200	300	300

Locking cover with key

Height (mm)	Width of Base (mm)	Length of section (mm)
	300	300
